

# EasiKleen EM

**EasiKleen EM** is a heavy duty curing compound remover designed for use with dissipating resin curing compounds such as DR Cure, as well as hydrocarbon resin-based products such as Thinfilm 450, Thinfilm 453, Thinfilm 454, Thinfilm 456, Thinfilm 458, and Thinfilm 420 (with or without dye). EasiKleen EM will penetrate and soften the curing membrane so that it can be removed easily

## ADVANTAGES

- ✔ Abrasion Safer than Methylene Chloride
- ✔ Easy to apply & rinse off
- ✔ May be used with floor scrubbers or brooms
- ✔ Removes greases, oil, rubber tire marks, and most common dirt stains

## USES

- ✔ Interior Construction
- ✔ Commercial Construction
- ✔ Removal of Dissipating Resin Curing Compounds
- ✔ New Concrete
- ✔ Over-sprayed Areas

## PACKAGING

- ✔ 1-gallon cans
- ✔ 5-gallon pails
- ✔ 55-gallon drums

## COMPLIANCES

- ✔ Environmental Protection Agency VOC Content Laws
