

Krystal 30 OTC

Krystal 30 OTC is our highest end, low-VOC solvent-based, high gloss, non-yellowing concrete curing & sealing compound, containing greater than 30% of modified acrylic co-polymers for better curing, sealing, hardening and dustproofing of concrete slabs. Krystal 30 OTC creates a superior wet look on both new and old concrete, and along with resistance to yellowing from ultra violet exposure, makes Krystal 30 OTC ideal for use on pavers as well as all exterior decorative concrete. Krystal 30 OTC is also available with a brown tone to highlight the colors in exposed concrete.
