

# Krystal 30

**Krystal 30** is our highest end, solvent-based, high gloss, non-yellowing concrete curing & sealing compound, which contains greater than 30% of modified acrylic co-polymers for better curing, sealing, hardening and dustproofing of concrete slabs. Krystal 30 creates superior wet look on both new and old concrete, and along with resistance to yellowing from ultra-violet exposure, makes Krystal 30 ideal for use on pavers as well as all exterior decorative concrete. Krystal 30 is also available with a brown tone to highlight the colors in exposed concrete.
