

ThinFilm Series

THE INDUSTRY STANDARD IN WATER-BASED CONCRETE CURING COMPOUNDS

THE THINFILM SERIES - Our most popular line of high quality, water-based concrete curing compounds. These products are designed for highways, bridges, sidewalks, curbs and gutters, runways, and commercial construction. All the products within this line are formulated to meet both ASTM and AASHTO specifications and have gone through the National Transportation Product Evaluation Program (NTPEP). The ThinFilm line is now approved by more than forty states and other authorities throughout the United States. ThinFilm is in stock and pre-approved-what are you waiting for? Get your sample today!

THE KAUFMAN ADVANTAGE - We've been leading the way since the early 1970s when we invented waterbased concrete curing compounds. Our resin formulations are still the only freeze-thaw formulations on the market. Our products are chemically engineered to resist pigment settling and as a result are easily sprayed.

PRODUCT FORMULATIONS	ASTM C-309 COMPLIANCES	FREEZ-THAW STABLE	NTPEP TESTED	CURRENT PRODUCT APPROVALS
ThinFilm 420	Type I, Classes A and B	❄️	🏆	AR, CO, DE, DC, FAA, FL, IA, KS, LA, MD, NH, NY/NJ Port Authority, New York City School Construction Authority, RI, SC, TN, VT, WSSC
ThinFilm 420 w/Dye	Type ID, Classes A and B	❄️	🏆	AL, AR, GA, KS, KY, MA, ME, MI, MT, NC, ND, NH, NJ, NY, OK, PA, TN
ThinFilm 422	Type I, Class A			DE, GA
ThinFilm 422 w/Dye	Type ID, Class A			MI, NJ
ThinFilm 424 w/Dye	Type ID, Class A			VA
ThinFilm 445	Type II, Class A		🏆	AL, AR, CO, DE, FAA, FL, GA, IA, IN, KS, KY, LA, MA, MD, ME, MI, MO, MS, MT, NC, ND, NE, NJ, OK, PA, SC, TN, TX, UT, WSSC, WV
ThinFilm 446	Type II, Class A			Corps of Engineers (COE), VA
ThinFilm 447	Type II, Class A			OH
ThinFilm 450	Type II, Classes A and B	❄️	🏆	CO, CT, DE, FAA, GA, IA, ID, KS, LA, MA, ME, MI, MO, MS, MT, NC, ND, NE, NH, NJ, NY/NJ Port Authority, NY, PA, RI, SC, VT, WSSC, WV
ThinFilm 450 Black	Type I, II, Classes A and B	❄️		
ThinFilm 453	Type II, Classes A and B			Corps of Engineers (COE)
ThinFilm 454	Type II, Classes A and B	❄️	🏆	NV, PA
ThinFilm 456	Type II, Classes A and B	❄️	🏆	WY
ThinFilm 458	Type II, Classes A and B	❄️	🏆	IN

TYPE I CLEAR, TYPE II WHITE PIGMENT, TYPE ID CLEAR WITH DYE
CLASS A WAX OR RESIN BASED, CLASS B RESIN ONLY
